Feng Shui

May 2013 TO April 2014

1. You're entering a period of calm and serenity.
2. Socializing and networking may not be very much favored during this period.
3. The circumstances shall take you towards stability though with some dryness.
4. Therefore, you may make use of this period favorably to bring stability in your mind first and then in your relationship.
5. There shall be a harmonic atmosphere. You feel very close to the people you love, and they will show you just how much they care about you.
6. Don't try and understand the unexpected nature of the wonderful vibe around you.
7. A word of caution – do not be selfish or self centered or pondering over the negative things in life. Therefore, you will have to consciously ensure that there is peace, and happiness at home.

May 2014 TO April 2015

1. Similar to the 1st year (2012-2013), this period too is bestowing upon you more happiness, fame and higher position.
2. This is also excellent period for growth in your professional capabilities as well upward movement of career.
3. As a result, financial transactions benefit during this period as it is favorable period for commerce.
4. This will lead to happy home, sound mind and a great bank balance.

Now some candid remarks:

5. You are likely to be very self indulgent during this period and end up getting some what upset as a result.
6. Some of your fantasies or thoughts may be too finicky or mood angry at times.

7. This is likely to frustrate harmonious aspect your energies, emotional, sensuous and affectionate. In general you are going to be much unsure of expressing your emotions.
8. With regards to your abundant sensual desires now, don't rush things. Impatience needs to be kept under control. Organize yourself and your thoughts so that appropriate actions follow which suit your personality.
9. Socially you are likely to be very affectionate, fortunate, virtuous, and skillful.
10. Especially during this period, you have to fight off a tendency to be sharp tongued or critical.
11. Your love partner / spouse / certain people close to you may become very demanding, at times. They may ask you to deal with thankless tasks that use up your precious energy. Avoid spreading yourself too thin if you want to reach your goals.

May 2015 to April 2016

1. Most of the trends of the previous year will continue. You will express yourself in a very loving, caring, sweet and affectionate manner.
2. This period also makes you anxious about your love life, love partners and related matters.
3. There could be some misunderstanding with someone important in your life. Therefore, in general and especially during this period, keep things clear and simple from your side so that you are not to be held responsible. Be cautious and explain your side of the story with simplicity. If this person means anything to you personally or professionally, you must make special effort to not fall out with him, as it may affect you in future in more ways than one. No good will come of being in disagreement.
4. Unless watched properly, you could be a little eccentric and at times nervous with regard to your love matters.

5. If controlled and channeled properly, you may be able to express your feelings and have the other persons understand them.
6. However, if proper checks and balances are not maintained then there is a likelihood of tempers may flaring up and you could be feeling bad later.
7. Appreciate the benefits of a calm and composed mind and consciously try adopting a balanced approach.
8. On the positive side, there will be continuity of many of the trends from the previous periods
9. Interestingly, at the same time you have the potential to be quite unorthodox, innovative and experimenting with love life and sex during this period but not so lucky in romantic matters.
10. You may like to get a lot done quickly, but it may not be always possible at this stage.
11. Just live life to the fullest in this period Good things don't always last forever

May 2016 to April 2017

1. You must shun all thoughts which make you melancholic or very conservative.
2. During this period, your circle of friends will be limited but close to you.
3. At times, during this period, you may feel slightly restless and will not want to focus on your domestic responsibilities. You could be easily diverted or distracted. Your mind will be on your friends and your time will be spent sending email or text messages or may be talking on the phone. This is fine sometimes but not if it becomes a habit. Please ensure that you do not leave any major jobs pending. After catching up with every one, though, make sure you turn your attention back to your work.
4. While you will be more agreeable, happy, and creative, you will also be critical of others, at times confused, slow or indecisive at times during this period.
5. Emotionally you are by and large stable but at times could experience self – contradictory.
